

THERMOMETERS

Too HOT or Too COLD?

Estimating Temperatures and Reading
Thermometers...

*created by
Shannon Kirby
sweetmsassyin2nd.blogspot.com*

Each student can pick the temperature to mark on their thermometer. **T**hey will circle whether they counted by

1, 2, or 5 on their thermometer **T**hen draw a picture of an activity

and what they are wearing for the temperature that they chose. **F**inally, the thermometers can be cut off, mixed with others, and try to match an activity with an appropriate temperature.

Circle the number your
thermometer counts by:
1, 2, 5

Cut out and place in math journal to show the different thermometers, color a temperature, and draw a picture of an activity appropriate for that temperature.

°F

A thermometer
measures how hot
or how cold
something is
(the temperature)

32°F
cold

THANK YOU!

Thank you so much for downloading. **I** hope your kids will benefit from this small activity.

If you have any questions please email me @ kirbyshannon@sbcglobal.net.
